About Institutes :

Pravara Rural Education Society (PRES) was set up to utilize education for nation building, integrated rural development and women empowerment. Creating versatile and socially responsible professional leaders for holistic and sustainable development is the cornerstone of our belief system. PRES' commitment to excellence has won numerous awards and accolades even as alumni adds feathers to our proud cap. Debt, starvation and inflation had ravaged farmers around Loni in the slowdown following the Second World War. The tough times got a tough man going. Convinced of the power of unity, Padmashri Dr. Vitthalrao Vikhe Patil braved innumerable obstacles to establish Asia's first cooperative sugar factory in 1950. From humble beginnings - the Pravara Public School started with 27 students and a handful of teachers in 1964 - PRES has expanded into 102 institutes spread across Loni, Sinnar, and Ahmednagar. A 5000+ strong faculty Members nurtures over 50,000 students, the next generation of the country from KG to PG to Ph.D. Loknete Dr. Balasaheb Vikhe Patil (Padma Bhushan Awardee) Pravara Rural Education Society

Institute of Pharmacy was started in the year 2014 with a humble aim to provide quality education in the Pharmaceutical Sector. It is the fifth pharmacy institution under the Loknete Dr. Balasaheb Vikhe Patil (Padma Bhushan Awardee) Pravara Rural Education Society and believes in providing quality Education to the doorsteps of Rural India. Within a short span of 2 years, the college has been approved by DTE & Pharmacy Council of India (under section 12 of the Pharmacy Act, which enables the students to practice the profession of Pharmacy after successful completion of the Programme Diploma Pharmacy Program accredited by NBA.

About Shri B.V. Patel Education Trust

Shri.B.V. Patel Education Trust is established in the fond memory of the First Drug Contr-

oller of Gujarat, Shri Bhupendrabhai V. Patel in the year 1974. Vision and Mission of the Trust is educational activities in the field of pharmacy and allied sciences to support pharma industry with skilled scientists / technocrats / management professionals. To fulfil this goal the Trust carries out various programmes like International Symposia, Hands on Training Workshops, Industry-Oriented Dissertation Programs etc. The Trust also conducts Shri B.V. Patel Essay Competition annually where students / academicians / industry professionals from various field can participate. In addition to this the Trust also organises Shri B.V. Patel Memorial Lecture every year in 'Indian Pharmaceutical Congress' where the winners of Essay Competition also receive medals and cash prize. The Trust is also planning to start Certificate Courses for pharma and allied science graduates to prepare them for industry oriented skilled human resource. The Trust is also working to come up with innovative programmes to support students and promote educational activities in Gujarat.

Website - www.bvpedutrust.com

Objectives Of The Workshop

1. To provide a comprehensive understanding of the fundamental principles, absorption mechanisms, and instrumental components involved in UV-Visible spectrophotometry.
2. To deliver hands-on practical training in the operation, calibration, and routine maintenance of a UV-Visible spectrophotometer for accurate and safe analytical measurements.
3. To train participants in quantitative pharmaceutical analysis, including single and multicomponent drug estimation using UV-Visible spectrophotometric techniques.
4. To introduce systematic analytical method development and validation in accordance with International Council for Harmonisation of Technical Requirements for Pharmaceuticals for Human Use guidelines (ICH Q2 R1/R2), emphasizing linearity, accuracy, precision, and robustness.
