TWO DAYS HANDS-ON WORKSHOP

**"Practical Workshop on Experimental Animal Handling and
Hands on Training on Zebrafish in Preclinical Discovery"**

DATE : 10TH AND 11TH APRIL, 2026

OBJECTIVES

1. To provide hands-on training in ethical and standardized experimental animal handling, dosing, observation, and humane care, blood withdrawal, euthanasia and tissue isolation from laboratory animals used in neuroscience research in accordance with CCSEA guidelines.

2. To familiarize participants with commonly used experimental animal models for studying preclinical discovery.

3. To demonstrate the induction and assessment of selected preclinical studies, including behavioral, biochemical, and physiological parameters.

4. To build research capacity among the teaching faculty and early-career researchers by bridging theoretical knowledge with experimental application.
