## About Institutes :

SND College of Pharmacy, established in 2004 under the aegis of Jagdamba Education Society by Hon. Shri. Narendra Bhikaji Darade, is a premier pharmacy institution located in Babulgaon, Yeola, Nashik, Maharashtra. Accredited with a 'B+' grade by NAAC, the college is approved by the Pharmacy Council of India (PCI) and the Government of Maharashtra, with its degree programs affiliated to Savitribai Phule Pune University (SPPU) and its diploma course to MSBTE, Mumbai. The institute offers a comprehensive range of pharmaceutical programs including D. Pharm, B. Pharm, M. Pharm (with specializations in Pharmaceutics, Quality Assurance, and Pharmaceutical Chemistry), and Pharm. D. Equipped with state-of-the-art laboratory infrastructure, a well-stocked digital library, and independent hostel facilities, the college focuses heavily on academic excellence and holistic development. Through its active training and placement cell, regular industrial visits, and career guidance, SND College of Pharmacy successfully bridges the gap between academia and the pharmaceutical industry, providing students with excellent career opportunities in top-tier companies.

## About Shri B. V. Patel Education Trust

Shri B. V. Patel Education Trust is established in the fond memory of the First Drug Controller of Gujarat, Shri Bhupendrabhai V. Patel in the year 1974. Vision and Mission of the Trust are educational activities in the field of pharmacy and allied sciences to support pharma industry with skilled scientists / technocrats / management professionals. To fulfil this goal, the trust carries

out various programmes like Hands on Training Workshops, Faculty Development Programmes, Technician Development Programmes etc. The Trust also conducts Shri B. V. Patel Essay Competition annually where students / academicians / industry professionals from various field can participate. The Trust has initiated Certificate Courses with various universities for pharma and allied science graduates to prepare them for industry oriented skilled human resource. The Trust is also working to come up with innovative programmes to support students and promote educational activities across India.

## Objectives Of The Workshop

1. To provide fundamental understanding of UV- Visible Spectroscopy and Infrared Spectroscopy principles.
2. To develop practical skills in operating UV-Visible and IR spectroscopic instruments.
3. To train participants in proper sample preparation techniques for accurate spectral analysis.
4. To enable participants to record, interpret, and analyze UV-Vis and IR spectra effectively.
5. To understand the applications of spectroscopic techniques in qualitative and quantitative analysis.
6. To strengthen analytical thinking and data interpretation skills in chemical research.
7. To enhance laboratory competence and confidence in handling modern analytical instruments.

8. To bridge the gap between theoretical knowledge and practical laboratory applications.
9. To encourage effective utilization of UV - Visible spectrophotometry and IR Spectroscopy in research, quality control, and innovation, thereby strengthening teaching, research output, and skill-based education.
